

UKMSC 2019

Notice to Members

The UKMSC will be held at Aboyne commencing Sunday 1st September and finishing on Saturday 7th September

There will be 23 competitors, however club flying / instruction may be available before the grid is launched, possibly whilst the competitors are on task, and after the competitors have landed

There is the opportunity here for club members to become involved in this competition which is in its 22nd year, by assisting on the airfield with tasks such as gridding, rope running, forward signalling, and retrieving.

The morning briefings are a good way to learn about the interpretation of the weather and the task set to maximise the use of both Wave and Thermal cross country soaring as well as the previous days winner telling everyone “how I did it”

If you are free any day then please come and assist. The more the merrier

There will be a competition dinner on Wednesday 4th, and a buffet and quiz night on Friday 6th, all of which are available for all club members to attend

During the competition week, launching to the West will be on 27 N and landing on 27S

Launching to the East will be on 09S and landing on 09N

This is to allow landing gliders to be pushed off onto the grass at the end of 09N
